

3450:223-002 Who Are You? Spring 2008

Please write down your name in Question 1, and answer any of the other questions you care to. I hope to get to know you better from this optional survey.

1. What is your name?
2. How do you want me to address you (e.g. Bob, Mrs. Estafen, Ruihua, etc.)?
3. In what dorm, neighborhood, or town do you live? This information could be useful in putting together informal study groups.
4. What is your major or projected major?
5. How many credit hours are you taking now?
6. What other courses are you taking this semester?

7. When and where did you take Calculus II?
8. What grade did you get in Calculus II?
9. What graphing calculator do you own and know how to use, if any?
10. What is your outside job, if you have one, and how many hours per week do you do it?

11. What are your expectations for this course? If you like, you can reread the course objectives from your syllabus before answering.

12. Tell me something more about yourself on the back of this page.
