

The University of Akron
3450:135 Mathematics for Liberal Arts
Special Notice on Prerequisites

In order for you to take this course, at least **one** of the following must be true:

- Your Math SAT score is at least 500.
- Your ACT score is at least 21.
- You scored at least 85 on the algebra portion of the COMPASS test.
- Your score on Part I of the placement test we used to use is at least 30.
- You passed Prep Math (3450:100), Elements of Math (2030:153), or Basic Stats (3470:260). (If this happened after the summer of 2001, then you need to have achieved a grade of C– or better.)
- You have transferred credits from another university for a course comparable to Prep Math, Elements of Math, or Basic Stats.

If none of the above applies to you, then it is to your advantage to drop the course early, while you can still receive a full refund. Anyone who remains in the course without having satisfied the prerequisites will eventually be administratively withdrawn.
