Assignments should be neatly-written, well-organized and concise.

If you miss a class and need to get an assignment, see

http://www.math.uakron.edu/~dpstory/

All class assignments and other announcements will be posted on this web site.

§1.1, pages 8–9.

Be sure to read all problems. You can use the results of one exercise, even though it was not assigned, to solve a later exercise.

1. Problem 1.
2. Problem 2.
5. Problem 9.
7. Problem 11.
