Assignments should be neatly-written, well-organized and concise.

If you miss a class and need to get an assignment, see

http://www.math.uakron.edu/~dpstory/

All class assignments and other announcements will be posted on this web site.

§3.3, pages 106–110.

Let’s have a period of recovery following Test #2, so I assign only four problems.

1. Problem 2(a)–(d).
4. Problem 12.
