Assignments should be neatly-written, well-organized and concise. If you miss a class and need to get an assignment, see

http://www.math.uakron.edu/~dpstory/

All class assignments and other announcements will be posted on this web site.

1. Problem 3. (See Definition 5.1 for definition of refinement.)
2. Problem 5.
5. Problem 8. (See the example on page 167.)
6. Problem 11.
